*****LAST ITEM REQUESTED*****

General Specifications

- Vendor must be able to remove old caulking and apply new caulking to window seals, adjoining panels, and walls. The caulk will be in conformance with building standards and must be approved by the Building Manager or his representative prior to its application;
- Material Safety Data Sheets on materials used on this contract must be provided and the products must be approved by the facility's manager or designee prior to starting work on each building;
- Any cleaners used in the cleaning process on interior windows must have no Volatile Organic Chemicals (VOC's) and must be approved by the facility's manager or designee.
- Vendor must be able to provide, install, and guarantee window coatings;
- It is the vendor's responsibility to meet and follow OSHA safety requirements;
- Vendor must have the appropriate insurance as specified in the supplemental terms and conditions or as required in these specifications;
- Windows will be cleaned to the satisfaction of the facility's manager or designee;
- Time and material estimates, in writing, will be the only satisfactory method of quoting, and the quotation will be mutually agreed upon before commencement of work. If time and materials will exceed the quotation, an additional written estimate will be provided for the added time and materials, and it must be approved before proceeding.
- Care must be taken around our visiting public. We will exclude the public as much as possible, but it may not be possible in certain locations, or during some times of the day;

Special Considerations

The Rio Grande Botanic Garden, the Albuquerque Aquarium, and the Rio Grande Zoological Park (altogether referred to as the Biopark), and the Albuquerque International Sunport have unique criteria for their facilities that awarded vendors will be required to meet as follows:

- Hard water deposit removal will be on a case by case basis; soda blasting is the preferred method for the removal of hard water deposits from windows, however, if a different material is proposed, it must be approved by the Biopark staff prior to use;
- The windows, window frames, or other parts of the Conservatory should not be damaged during cleaning. If the facility structure is damaged, window cleaners assume responsibility. Window cleaners will take responsibility for adequately preparing the structure prior to starting the job (any taping necessary, etc.);
- Any residual chemicals, cleaners, and materials must be cleaned up and the site restored to its prior condition;

- Extreme care must be taken not to damage plants in, and around, the Conservatory (or any other City controlled property). This includes damage from foot trampling and/or equipment. Oversight by the Biopark staff will be provided, and their directions will be followed. If damages occur through the negligence of the window cleaners, they will assume fiscal responsibility as determined by the City for any damages they cause;
- Cleaning needs to be scheduled with the Biopark staff in advance. It is possible to start as early as 7:00 am;

When working at the Albuquerque International Sunport, cleaning must be scheduled in advance with the Aviation Facilities' Manager or designee. Cleaning can start as early as 6:00 a.m.;

- At the Albuquerque International Sunport, extreme care must be exercised when working on or near the Aircraft Movement Area (Security Identification Display Area SIDA) when performing cleaning of exterior windows;
- Cleaning of acrylic and glass at the Biopark requires that the cleansers be non-toxic to fish, animals, and plants (any products used have to be approved by the Biopark and/or veterinarian staff prior to use);
- The Albuquerque International Sunport, as well as the chimpanzee exhibit at the zoo, have windows that are 6' x 10' or larger starting 4' to 15' off the ground. In these areas, the use of scaffolding or a lift to clean all areas of the glass will be required;
- It is essential that there be close coordination with the Aviation Facilities Staff for window cleaning at the Sunport, and the Biopark Staff for any cleaning done inside any Biopark exhibits.

The Albuquerque International Sunport has additional requirements that must be considered:

- INSURANCE: Commercial General Liability Insurance and Automobile Insurance in the amount of \$5,000,000.00 is a mandatory requirement for all companies conducting business with the Albuquerque International Sunport.
- SECURITY REQUIREMENTS: All employees working for companies conducting business with the Sunport must obtain an airport ID Security Access Card if their duties require them to work in the Terminal area, the Security Identification Display Area (SIDA), the Airport Operations Area, or if directed to do so by the Airport Security Coordinator (ASC). Prior to the Access Control Office accepting applications for airport ID Security Access Cards from any company's employees, the Access Control Office must have written confirmation from the airport Properties Division that a company has been authorized to conduct business at the Sunport after a contract is in place. The company's owner/manager should contact the Access Control Office (505) 244-7702/03 and complete the paperwork required to initiate the badging process for themselves and their employees. A fee schedule for accomplishing this process will also be provided at the time of application.

- **TRAINING:** Before employees are issued an airport ID Security Access Card, they must attend Security Training. If their duties will require them to drive on the airport's ramps or perimeter roadways, Ramp Driver Training must be completed. Ramp Driver Training for new employees is conducted on Tuesday at 0:900 a.m. or Thursdays at 3:00 p.m. in the Aviation Press Room, near the "E" Gate area. The Security portion is taught first, followed immediately by the Ramp Driver Training.

PAGE 9
REQUEST NUMBER: RFB2007-185-TC

- **APPLICATION & BACKGROUND INVESTIGATION:** In addition to the above training, employees must take a completed application form approved by the company's authorized agent to the Access Control Office. The applicants will be required to complete an application requesting the Sunport submit their fingerprints to the FBI for a ten year Criminal History Records Check (CHRC). Once the application is completed, their fingerprints will be taken and submitted (it takes approximately 1 to 2 days for results to be returned). Applicants should contact the Access Control Office 1 to 2 days after being finger printed to see if the results are back. If there are no associated problems, then they will be issued their badge.

It is highly recommend that prospective bidders attend the on-site visits in order to properly evaluate the cited buildings for bidding purposes. Any vendor not attending the on-site visits must sign the On-Site Waiver form and return it with your bid for each on-site visit location. Sign in sheets will be provided at each location. Please be prompt.

The schedule of on-site visits on May 21, 2007 is as follows:

8:00am – Rio Grande Botanic Garden (Main Entrance)

10:30am – Albuquerque/Bernalillo County Government Center (Elevator Lobby)

2: 30pm – Albuquerque Sunport (Main Sunport Offices, 3rd level, park in paid lot. Bring your parking ticket with you so it can be validated.) Contact Joseph Rodriguez at 238-8404 if you cannot find the offices.

Any questions related to the bid process or the bid specifications must be submitted in writing to the Senior Buyer assigned to this bid. The questions will be answered in an addendum to the bid as soon as possible after the on-site visits. Question forms are provided with this bid package.

22. Delivery, Acceptance and Guarantee:

- A. **No Delivery Before Purchase Order is Issued: No Offeror, including the Offeror to whom an award is made shall deliver any item of tangible personal property, commence services or construction prior to the issuance of a Purchase Order or Notice to Proceed issued by the City**

Purchasing Division.

- C. Acceptance of Delivery:** Acceptance by the City of any delivery shall not relieve the Contractor of any guarantee or warranty, expressed or implied. Such acceptance of delivery shall not be considered an acceptance of services or materials not in accordance with the specifications. Such acceptance of delivery shall not waive the City's right to require replacement of defective material or inadequate service.

23. Inspections:

Prior to Acceptance of Delivery: All items of tangible personal property, services or construction found inferior to the quality specified in this Request, deficient or incorrect in weight, measurement, workmanship, handicraft or otherwise, may be rejected as a whole or in part and then shall be removed by the Contractor at the Contractor's own risk and expense promptly after notice of rejection. The Contractor shall assume responsibility for taking the necessary action to correct or replace the rejected items, within the time frame specified in the notice of rejection.

24. Invoices and Payments:

The Contractor shall submit an accurate invoice, in duplicate, for each purchase. Invoices shall refer to the Purchase Order Number, the Release Form Number if applicable, and shall be itemized unless otherwise specified in this Request. Invoices are to be mailed to: Accounting Division (Accounts Payable), City of Albuquerque, P.O. Box 1985, Albuquerque, New Mexico 87103. Invoices mailed or provided to any other entity will result in a delay in making payment. Offerors are encouraged to inquire if payments due are not received within thirty (30) days after delivery of goods/services and submittal of invoice by contacting the Accounting Division at (505) 768-3400.

25. Default/Termination for Cause:

If, through any cause, the Contractor fails to fulfill the Contractor's obligations under any contract resulting from this Request in a timely and proper manner, or if the Contractor, violates any of the covenants, agreements or stipulations of such contract, the City shall notify the Contractor of such violations in writing and allow the Contractor a reasonable time, set out in the notice, to correct the default. If the default is not corrected within the specified time period the City shall have the right to cancel the contract and any or all other current contracts with the Contractor, and, if applicable, to purchase the required goods or services from another source or sources. The City shall provide written notice to the Contractor specifying the effective date of cancellation. The notice of cancellation may be contained in the notice of default.

If a contract resulting from this Request is cancelled, the Contractor shall not be relieved of liability to the City for damages caused by its breach of the contract. The City reserves the right to recover such damages, including but not limited to any excess cost incurred in having to purchase contract goods/services from other sources by a deduction from an unpaid balance due to the Contractor, collection against a performance or labor and materials payment bond, a combination of these remedies, or any other legal method available. In addition, the Contractor may be removed from the Purchasing Office Vendor List or determined to be ineligible to respond to future solicitations, as being not responsible.

26. Termination for the Convenience of the City:

The City may terminate any contract resulting from this Request at any time by giving at least thirty (30) days' notice in writing of such termination to the Contractor. In such event, the Contractor shall be paid under the terms of the contract for all goods/services provided to and accepted by the City, if ordered or accepted by the City prior to the effective date of termination.

27. Termination for Lack of Appropriations:

Funding for the contract resulting from this Request has been appropriated by the City Council for the City's current fiscal year. Notwithstanding any other provisions in the contract resulting from this Request, its continuation beyond the end of the/any fiscal year is contingent on the City Council making the appropriations necessary to fund the contract. If sufficient appropriations are not made the contract may be terminated at the end of the City's then current fiscal year upon written notice given by the City to the Contractor. Such termination shall not constitute a default. All payment obligations of the City and all of its interest in the contract will cease upon the date of termination. The City's decision as to whether sufficient appropriations are available shall be accepted by the Contractor and shall be final.
